GOLF BUGGY SAFETY POLICY

The Club has a duty of care to all users of the golf course. The topography of certain areas of the course is such that caution and prudence must be shown by the user of a buggy. It is also necessary for the Club to provide an adequately safe means of access for all golfers including those given permission to use buggies. Moreover, the Club has to ensure the safety of golfers who do not wish to use buggies, but who might be at risk from a mechanically defective buggy or its careless use. To assist the safe employment of buggies, all potential users (members and visitors) are requested to comply with the following conditions:

- Buggies are only for the use of members and visitors.
- Buggies must be operated with the utmost courtesy, care and consideration for the safety and convenience of pedestrians. Pedestrians must be afforded the right-of way at all times.

OPERATION

Assistance with/guidance on the operation of buggies can be obtained from a staff member.

Buggy operators will be responsible for the security of ignition keys. Buggies are not permitted to be driven outside the boundary (including the practice range) of the Club and not to be taken on the Public Highway (apart from crossing the lane for access to other areas of the course). The Club will accept no responsibility for any loss or damage caused to any person or property if a buggy is driven outside the boundary of the Club nor for ensuring the safe operation of buggies beyond the confines of the course and the Club car-parks.

When you have finished using the buggy please turn the operating key to the off position, remove the key and engage the parking brake. Return the key to the Clubhouse.
